

BANNERUP[®]

A Family of Dependable Displays

You now have the possibility to connect BannerUps side-by-side to achieve a large overall display. This top rail connector comes free of charge with all cassettes.

Assembly instruction
Top rail connector

Top rail connector, item 89005

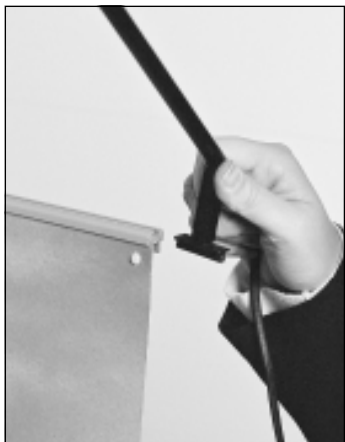

Place BannerUp cassettes side-by-side. Pull up the banner. Fix connector into top rail groove as shown.

Pull up the second banner and connect to the top rail groove as shown.

Halogen spotlight, item 80005

Slide the spotlight along the top rail groove.

Position spotlight as required. Usually centre with one spotlight, or evenly spaced with two spotlights on wider cassettes.
